And, none of them have	aGPS, HSDPA	

Demonstrate it

In-built aGPS

1. Show the customer how to access Wayfinder Navigator™ and Google™ Maps:
Menu > Location services > Google™ Maps
2. If there is no access to HSDPA or Wi-Fi™, explain to the customer that with the in-built aGPS, he/she will get turn-by-turn voice guidance to their location

Web Browsing

1. Select Internet from the menu
2. Show the customer how the auto-rotate feature works to give a full HTML landscape view
3. Explain how HSDPA and Wi-Fi™ provide fast web access
4. Point out the Google™ link and explain how it provides for quick searches
5. Bring the web shortcut keys to the customer's attention and explain what they do
